SKILLS

- **Design & Modeling**: A-Class Surfacing, Automotive Exterior Design, Product Form Development, Concept Ideation & Visualization, Digital Prototyping, Design for Manufacturing (Basic)
- **Software Skills:** Autodesk Alias (Automotive Surfacing), Fusion 360, Blender, KeyShot, Adobe Illustrator, Adobe Photoshop, Sketchbook, CorelDRAW
- **Supporting Skills:** Sketching & Ideation (Digital Sketching), Wireframe & Zebra Analysis, Rendering & Visualization, Basic 3D Printing Knowledge, Photography & Visual Storytelling

EXPERIENCE

- **Industrial Design Intern – Alloy & Steel Wheel Design**

  Maruti Suzuki India Limited | Gurugram, Haryana — May 2025 – Sep 2025
  - Designed **16-inch and 17-inch alloy wheel covers** for passenger vehicles
  - Worked on **alloy wheel and steel wheel design concepts** for passenger vehicles
  - Supported **form development and aesthetic refinement** aligned with automotive standards
  - Gained exposure to **industry workflows, feasibility considerations, and design reviews**
  - Assisted in translating concepts into **production-oriented design proposals**
- **Industrial Designer**

  Heed Jetboards | Mysore, Karnataka — March 2025
  - Created **3D models of the jet board joystick controller** using **Fusion 360**, focusing on ergonomics and usability
  - Developed **concept sketches for the joystick controller**, translating ideas into functional product forms
  - Designed and animated the **propeller mechanism of the jet board** to demonstrate motion and functionality
  - Contributed to the **design development of a life jacket for jet board users**, considering safety, form, and user comfort
  - Supported **product form development, surface refinement, and visualization** for water sports equipment
  - Collaborated with the team on **design iterations and presentation-ready outputs**
- **Photography Intern**

  AS Dream Studio | Bangalore, Karnataka — June 2024 – July 2024
  - Designed **posters and promotional banners** for studio projects and client requirements
  - Assisted in **commercial photography shoots**, supporting lighting setup, framing, and composition
  - Shot **behind-the-scenes (BTS) photos and videos** during productions
  - Edited **BTS videos** for social media and promotional use
  - Developed strong skills in **visual storytelling, composition, and post-production**
  - Applied photography and design principles to enhance **presentation quality and brand visuals**

EDUCATION

M S Ramaiah University of Applied Sciences — **Aug 2021 - Dec 2025**
Bachelor of Art & Design, Industrial and Product Design — *Bangalore, Karnataka, India*

XII | SRI Bhavishya Jr College — **Jun 2019 – Mar 2021**
Higher Secondary School, MPC — *Vijayawada, Andhra Pradesh, India*

PROJECTS

Hero Sports Bike – Concept Design

- Modeled a **sports motorcycle body** focusing on **A-Class surfacing principles**
- Developed surfaces using **Blender** with attention to flow and continuity
- Created a **3D-printable prototype model**
- Produced high-quality **renderings and physical prototype**
